## **Ex. 4 - CBI**

Here is the table which contains information depicting the closest gas well to the residential wellhead. If you need additional attributes for the gas wells, please let me know.

Additionally, as an FYI we used today's (10/15/12) subscription for the latest locational info on the residential wells, and the PASDA Oil and Gas locations from July 2012 (provided to TechLaw by TetraTech).

Thanks,
